

# DexStar™

Certified Pre-Owned AM HD Radio™  
exciter package

**Harris Certified  
Pre-Owned**

**HD Radio™**

Experience a whole new category. It's not new, it's not used - It's a special category in between. Find out what makes Harris Certified pre-owned so extraordinary.

With all your technology investments you have to strike a careful balance between the cost of the solution and quality delivered. Before now you had to make a choice that favored one over the other, but no longer. Take advantage of the Harris Certified Pre-Owned DexStar™ solution to give you both a cost-effective implementation of AM HD Radio™ AND the quality you have come to expect from Harris.

Each Certified Pre-Owned DexStar™ undergoes a complete and rigorous inspection and reconditioning process in our factory. All of the critical components are tested to insure years of reliable operation, and any that do not measure up are replaced. In order to insure proper operation, several items which may be impacted by use are replaced as a matter of course on all units.

Key items replaced include:

- ◆ Internal Hard Drive
- ◆ Removable Jump Drive
- ◆ GPS Kit
- ◆ Rack Rail Kit
- ◆ Rack Rail Accessories
- ◆ Power Cord
- ◆ Documentation package
- ◆ Current Software

## Package Contents

The Harris DexStar™ AM HD Radio Package includes all the HD Radio™ generation equipment (not including transmitter or transmitter modifications) you would need, including:

- ◆ DexStar™ AM HD Exciter
- ◆ ePAL, interface panel, SRC and bypass unit
- ◆ pre-wired harness to make installation a snap
- ◆ complete documentation
- ◆ One Year Harris Warranty

In addition to the included items, you can add several options to round out your HD Radio upgrade

### Upgrade Options:

- ◆ Digital AM HD processor (Orban 9400 or Omnia 5EX)
- ◆ Uninterruptible Power Supply (Staco STCSC 10001RM-OPTO)
- ◆ HD Radio Monitor (Day Sequerra M2 & M4)
- ◆ Analog-to-Digital Converter
- ◆ Equipment Rack w/side panels (Harris HRK37-31)

Contact your Harris salesperson today to find out how you can have the sweetest sounding HD Radio solution for an even sweeter price. HD Radio is a trademark of iBiquity Digital Corp. DexStar is a trademark of Harris Corp.
